

INSTITUTO SUPERIOR CEM – Inglés y su enseñanza III

Lesson Plan

Name trainee:	Tel. number:	Date:	Class number: 15
Course:	Time:	Coursebook:	Topic: Animals

Objectives: that students be able to identify main information in a written text

TIME	OBJECTIVES	ACTIVITIES	LANGUAGE					MATERIALS	INT. PATTERN	ANT. PROBLEMS
			G	V	R	L	S			
10 min.	That students be able to get the general idea of the information	The teacher asks students to enter www.enchantedlearning.com on the web. Then she asks students to go to the bottom of the page and find information about the animals they like. The teacher asks the students just to read the information.			X			computer	individual	The number of computer might not be enough. (the teacher will change the interaction patterns) More than one student might want to choose the same animal (the teacher will ask the others to look for extra information to see what information they can add)
10 min.	That students be able to select main information	The teacher will ask students to re-read and select the information that they think is interesting.			x			individual		
30 min	That students be able to present the information	The teacher asks each student to tell the rest of the class the information					x	Individual		

5-10 min	orally	<p>they have found in two minutes. Meanwhile, the rest of the students will have to take down notes of the information.</p> <p>As a closing activity, the teacher asks students to enter: http://www.enchantedlearning.com/subjects/butterflies/activities/radiobuttonquiz/Bflyquiz1.shtml and do the quiz to see how much they have learnt.</p>							Individual
